

INVASIVE SPECIES ALERT

STINKNET

(Clustered Chamomile)

HIGHLY INVASIVE PLANT FROM SOUTH AFRICA WHICH THREATENS ALL CA NATIVE WILDLIFE AND HABITATS!

IF YOU SEE IT...KILL IT!

Intensely aromatic plant with small yellow round flowers

If growing and/or flowering, spray with herbicide or pull out by the roots

If flowers are brown and set seed, pull and place in plastic bags to dispose in garbage

Don't walk in areas highly infested to avoid spreading the tiny seeds

Spread the word. You can make a difference.
